

Northeastern Illinois University in partnership with the National Museum of Mexican Art and the Puerto Rican Arts Alliance are in the initial stages of collaborating on a public art project at Kimball Avenue and the Kennedy Expressway.

You are invited to participate in our second discussion on ways this project may best reflect the Avondale neighborhood. All community members, local organizations and businesses are welcome to come and join in the conversation.

Join us at El Centro on Wednesday, January 28th from 6:30-8:30. El Centro is located at 3390 North Avondale Avenue, Chicago, IL.
